

VISION DOCUMENT

2017-2022

Hyderabad Karnataka Education Society's

SMT. VEERAMMA GANGASIRI

COLLEGE FOR WOMEN, KALABURAGI -585102

Preamble:

The Content and context of education is shifting rapidly. The present generation is full of knowledge, acquiring skills and maintaining the right attitude. We have to change ourselves according to the aspirations of new generation students. Hence the higher education system must be equipped with knowledge, introduce the programs and courses, which will help the stakeholders to acquire the required skills. 'Book oriented teaching' is now fast changing to 'Web source teaching'. We are moving towards Student centric method from Teacher centric method. As the E- resources are the foremost centre of knowledge and teacher will act as a facilitator. He has to equip himself with the advancing resources and transformation skills of ICT. Outcomes of programs and courses need to be provided to the students before the commencement of the classes. Levels of attainment have to be informed to the students in advance. "No student should sit idle at home after graduation or post — graduation. She must prepare for competitive examinations of their choice and they have to qualify. Interested students have to be provided with required inputs to become entrepreneurs.

Objectives

1. Remove the superstitious beliefs and to develop scientific temper among students.
2. To Provide career and employment oriented education to the students.
3. Provide educational facilities to poor and economically backward category students at a reasonable cost.
4. Familiarize the students towards communication skills and life skills.
5. Prepare students in professional experts in the field of Arts, Science and Commerce and for competitive examinations.
6. Create the students as accountable citizens towards social attitude.
7. Create expert teachers in the field of education
8. Create awareness about environment
9. To sensitize the students on global trends and demands.
10. Involve the students in activities related to ethical and moral values

About College

The Hyderabad Karnataka Education Society was established in the year 1958, with an objective of imparting higher education, especially in the Technical and Medical fields to this part of Karnataka, which was

once a part of erstwhile Hyderabad State. The districts Kalaburagi, Bidar, Raichur, Yadgir & Koppal comprising of Hyderabad Karnataka region is identified to be a backward part of Karnataka State. The fore fathers of the society rightly identified the need to accelerate the social and economic development through educational advancements. True to the spirit, today the society runs 50 educational institutions such as Medical, Engineering, Dental, Pharmacy, Homeopathic, Nursing, Law, Management, Education, Arts, Science, Commerce and Home Science including a separate women's College.

Smt. Veeramma Gangasiri College for women was the first women's College in the entire region of Hyderabad Karnataka area, established in the year 1965 with the liberal donation from Basawanappa Gangasiri. The College was named after the donor's mother Smt. Veeramma Gangasiri. The College was initially affiliated to Karnataka University, Dharwad in 1965, then to Gulbarga University, Kalaburagi in 1980 and attained permanent affiliation to Karnataka State Akkamahadevi Women's Univesiry, Vijayapura from 2004 onwards. This College comes under 2(f) & 12(B) of UGC act and accredited by the NAAC, Bengaluru with 'A' Grade on 05-11-2016(3rdCycle).

The College provides education in Arts, Science, Home Science, Commerce and Management for UG students and M.Sc. in Physics with

well-equipped laboratories, library, ICT facilities for teaching-learning process and renowned for its discipline and efficient handling of Students in their adolescent and formative year. The Hostel, which is nearer to the campus, provides accommodation to girl Students. The College emphasizes the need of NCC, NSS, Sports and Games, Extension Activities, Co-curricular Activities etc. The College is proud to have University Blues in the field of sports and athletics and has bagged a number of Ranks from its affiliated Universities since its beginning. Our alumni are serving the society in the form of Administrative Officers, Advocates, Tahasildars, Teachers, Engineers, Doctors, Distinguished Scholars, AIR and TV News Readers, Corporate Managers, Entrepreneurs etc.

The focus of the College is to Empower Girl Students to become sensible citizens to shoulder their future responsibilities. The College aims to make them aware of their surrounding social issues outside the campus. They are trained to think, discuss and relate their responsibilities towards the society they are living in. The academic programmes along with the co-curricular activities have made our Students serve in different capacities as “Career Woman” with the essence of strong and close knit family and society. In the long run of 57 years of existence, the College has been able to reach up to goal. The stakeholders and society are satisfied with our achievements and they are always with us to support

the College activities in future. The Vision of the Institution is to transform the College into a Centre for Academic Excellence and a Model Educational Institution.

To achieve the stated institutional Vision, a perspective plan of the Institution has been prepared by the Institution and IQAC. All the heads of the departments of the institution were consulted before preparing this document.

The perspective plan of the Institution is been conceptualized and it includes the components like

1. **Enrichment of Curriculum:** The College is an affiliated college, which follows the syllabus prescribed by the university. Apart from this, the college plans to introduce the Value added courses/ Add-on courses in various departments to enrich the students skills.
2. **Different Types of Teaching Methods:** Apart from traditional the chalk and talk method the college is planning to enrich the students by providing different types of teaching methods viz. blended learning, Pair learning , Study tours, Field work, Industrial visits, Projects, Training programme, Hands on experience and exposure at different academic activities viz seminars, competitions, discussions, etc.

3. **Mentor Mentee & feedback system:** The present Mentor –Mentee system is to be fine-tuned and result oriented. Further, the progress of the mentee is to be discussed with their parents. Apart from the regular feedbacks, it is planned, to collect the feedback on curriculum and from the employee. The analysed report to be discussed at appropriate levels.
4. **Research facility:** To enrich the research in all the departments all the eligible faculty members are to be motivated to submit the research proposals to various funding agency and to create awareness among the students. As the college is having a post-graduation in Physics, hence it is planned, to get the recognition from the Affiliated University to start the research centre in Physics. To offer research programmes (M.Phil and Ph.D.)
5. **Publications:** The publications by the staff members are to be updated and they will be informed to publish their research articles in the UGC- care list or indexed journals. Further the staff members will be informed to publish their articles / books with the National publishers having ISSN /ISBN.
6. **FDP/PDP/ Training programme:** In the next five years, it is planned to organize more no of FDP/PDP and training programmes. Teachers will be provided the registration fee for attending the said programmes.

7. **Co-curricular Activities:** Co-curricular activities like NSS/NCC/Sports/Cultural / Literary events will be strengthened at different levels. The talented students will be given training to participate in the events so that they can bring laurels to the college.
8. **ICT Facilities:** In the coming five years, it is planned to further improve the ICT facilities such as computers, internet facilities, centralised computer lab and Intelligent Interactive board in the college. This will improve the standard of Teaching and learning.
9. **Infrastructure:** It is planned to construct a separate P.G. Block and uplift the campus beatification by Gardening, new flooring, Mats, etc. Further, it is planned to have a roof solar power plant.

In view of achieving the components set for the perspective development, the above actions were planned during the period of 4th cycle of Assessment and Accreditation by NAAC.

57 years of journey towards women empowerment...many years to go....
